

# WILSON MAKES KNOWN STAND ON COMING CAMPAIGN

WASHINGTON, May 28.—President Wilson's conception of a campaign issues of 1920 was outlined today in a letter made public at the White House. The letter, which was addressed to the president's "staff" with the sentiments "for the record," was the platform recently adopted by the Virginia democratic convention.

The league of nations plank which declared for ratification of the treaty of Versailles "without reservations which would impair its essential integrity" was particularly commended. He also urged that for the purpose of the treaty of Versailles "without reservations which would impair its essential integrity" was particularly commended. He also urged that for the purpose of the treaty of Versailles "without reservations which would impair its essential integrity" was particularly commended.

The letter was addressed to Senator Glass of Virginia, who drafted the state platform, and a publication from the White House generally was regarded as indicating what the president would expect to be written into the party's national platform at St. Louis.

The national platform was not mentioned directly by the president, though it was stated that the Virginia democratic convention had set forth the attitude of the party on the league of nations and other important issues.

The league plank occupies a place in the Virginia platform, embracing a declaration of "the exceptional achievement at Paris involved in the adoption of a league and treaty near akin to American ideals," the president is praised for "steadfastly standing for the league and treaty," and the "renewal of the American reservations and peace resolution are commended."

Some of the other features of a Virginia platform are:

A declaration for an efficient merchant marine, with sale to American citizens of all merchant vessels acquired during the war.

Condemnation of the republicans for "vain and extravagant investigations."

A declaration that neither labor nor capital should at any time be allowed to "endanger the public welfare," and at strikes and lockouts should be supplanted by some method of amicable settlement.

Condemnation of the administration for establishing the federal reserve system, the farm loan system, "just tariff legislation," an income tax, and a department of labor.

Criticism of congress for having failed to heed the president's recommendations for revision of laws, and for having failed to repeal "war legislation which burdens business."

Approval of the "utmost generosity for disabled soldiers and their dependents," but disapproval of "stimulated efforts to stir further oppressive burdens upon the taxpayers of the country by enormous bond issues, consumption and retroactive taxes to give an indiscriminate bonus to enlisted men."

Praise of President Wilson, to whose efforts the platform says "loyalty and devotion have been chiefly ascribed" the adoption by congress of the man suffrage amendment.

# WORKERS CLOSE THEIR ARGUMENT BEFORE RAIL LABOR BOARD

Union Chief Declares Any Award Below \$2,500 Per Year Unsatisfactory

CHICAGO, May 28.—Officials of railroad employees' organizations not only felt compelled to refrain from trying to prevent men from leaving railroad service but will acquiesce in such action, is taken, unless the railway labor board grants a prompt and just increase in wages, B. M. Jewell, acting president of the Railroad Shoppers' department, testified today in closing the labor side's rebuttal to the hearing being conducted by the board.

He declared that any award which did not include a minimum wage of \$2,500 a year for common labor in the railroad crafts establishments of differentials taking into consideration the hazard, experience and responsibility and consideration by the board of the national agreements made when the roads were under federal control, would not be considered a "just award."

Mr. Jewell's demands elicited a sharp question from Judge R. M. Barton, chairman of the board, as to whether "labor was issuing an ultimatum or trying to dictate as to what decision should be rendered."

In reply Mr. Jewell declared there was no intention of issuing an ultimatum, but that the employees wanted the board to understand that a limit has been reached and that unless a wage increase was granted the men in the situation might get beyond the control of the union executives.

After hearing Mr. Grable and Mr. Jewell, Judge Barton adjourned the board until next Tuesday when the roads will have a chance for rebuttal. E. E. Whiter, chairman of the committee representing the roads, said today his reply would be brief and indicate that the board would go into executive session Tuesday night to make its decision.

# REPORT \$5,000,000 FUND PLEDGED FOR M'ADOO BOOM

Information is Given  
Kenyon by New  
York Reporter

NAMES ARE  
WITHHELD

WASHINGTON, May 28.—The senate committee investigating expenditures in the pre-convention presidential campaigns bent its chief efforts today toward locating the financial sources—if any—of what Chairman Kenyon described as "this invisible McAdoo boom."

Angus McLean of North Carolina, a director of the war finance corporation, denied that he was a "sort of southern manager for Mr. McAdoo's candidacy," but later related a conversation he had with the former treasury secretary, which he said was concluded with a statement by Mr. McAdoo that a man couldn't decline a presidential nomination if offered him.

Louis J. Lang, reporter for the New York American, was questioned as to articles which he had written alleging that a \$5,000,000 fund had been underwritten for a McAdoo campaign. He refused to disclose names of his informants but said, "members of the emulative national committee" corroborated the story.

Chairman Kenyon announced the committee had summoned others in connection with this branch of the inquiry.

Recessing early, the committee foresaw a busy day tomorrow, when the California contest between Herbert Hoover and Senator Johnson will be gone into, with the financial representatives of General Wood's campaign organization on hand as well.

Mr. McLean's testimony today disclosed attempts of Mr. McAdoo's friends in New York to get together upon campaign efforts from the injunction of their principal, McAdoo told him, the witness said, "that he wouldn't turn his hand over for it, was not a candidate and didn't want his friends to get active."

Mr. McLean added that when there was a dinner gathering to discuss the subject in New York "Some fool went and told McAdoo about it."

Chairman Kenyon put into the records today a letter from James McClurg Guffey, of Pittsburgh, denying that he had ever contributed any money to the fund raised for Attorney General Palmer's campaign. Joseph F. Guffey, of Pittsburgh, had been previously identified as the contributor of \$10,000 to the Palmer campaign.

In the testimony by former Federal Judge Harry Covington, the Palmer campaign manager.

# Condensed Telegraphic News (By The Associated Press)

JOLIET, Ill., May 28.—Judge Frank L. Hooper of the circuit court was said to have established a precedent today when he ruled that a prisoner in the state penitentiary is entitled to "good time" even after his sentence has been commuted by the governor. The ruling was made in the case of Willis Miles, whose term of 25 years had been commuted.

CHICAGO, May 28.—Representatives of railroads entering Chicago protested before the city council gas, oil and electric light committee today against the passage of a proposed ordinance to compel public utilities to place telephone, telegraph and power wires underground.

CHICAGO, May 28.—Several owners of warehouses were questioned at the federal building today by Assistant District Attorney Robert A. Milroy, in connection with alleged hoarding of foodstuffs.

According to Mr. Milroy, if evidence of hoarding is found the food will be seized.

CHICAGO, May 28.—Members of the First division met in Chicago today on the second anniversary of the battle of Cantigny. Major General C. P. Summerall, commander of the division of Camp Zachary Taylor, Ky., addressed 1,500 wounded soldiers, including 100 members of his old command, at Fort Sheridan in the afternoon, and tonight spoke at a mass meeting of First division men and members of the American Legion.

CHICAGO, May 28.—George Faulstich, a saloon keeper, was arrested today by federal prohibition agents in a continuation of their investigation of the activities of the alleged "million dollar whiskey ring." Federal agents said receipts found in Faulstich's possession indicated that he paid \$4,960 for whiskey. No liquor was found at his saloon. H. L. Duncan, a prohibition agent, said that Faulstich confessed to having sold the whiskey at a profit of \$150 a case.

WASHINGTON, May 28.—Threats by Villa to destroy the property of the Alvarado Mint were met by the government by the seizure of the property at Parral unless he was given \$50,000 were reported by the state department today by the American consul at Chihuahua. The company is an American concern.

WASHINGTON, May 28.—Shippers were warned by the interstate commerce commission that they must co-operate with the railways and the government in breaking the freight jam. The notice was served in the form of an order directing five railways entering Galveston, Texas, to immediately unload 2,700 cars of grain, held in the yards there, and to restore the cars to service.

Although there was no official announcement of a similar course in other cities, such suggestions have been made by railway officials in objections to the use of freight equipment for what they describe as "public warehouses."

Conditions prevailing in Galveston, railway officials said, are duplicated in several other cities.

The railways affected by the order today were instructed to remove the grain, said to be nearly all wheat, to railway or public warehouses, wherever accommodations could be found. The unloading and the storage will be at the expense of the owners of the shipments.

The commission's action also gave indication that shippers who order cars will be required to load them promptly and that no delay will be tolerated on the part of the shippers after the cars once are made available.

The standing committee of the Association of Railway executives met here tonight to discuss the traffic situation and put in final shape the program they will lay before the commission tomorrow to determine disposition of the revolving fund provided in the transportation act.

CHICAGO, May 28.—George Stuber was found not guilty of manslaughter by a jury tonight in connection with the death of Eugene Williams, a negro boy, on July 29, 1919, at the Twenty-second.

The death of the boy was followed by a fight between whites and blacks and was said to have precipitated the race riots which raged here for ten days. Stuber was accused of throwing a stone that knocked the Williams boy from a raft into the water, where he drowned. Stuber denied the charge.

A coroner's physician testified that there was no mark to indicate that the boy was struck by a stone and declared his death was due to accidental drowning.

This was the verdict of a special coroner's jury which investigated the race riots death.

CHICAGO, May 28.—George Stuber was found not guilty of manslaughter by a jury tonight in connection with the death of Eugene Williams, a negro boy, on July 29, 1919, at the Twenty-second.

The death of the boy was followed by a fight between whites and blacks and was said to have precipitated the race riots which raged here for ten days. Stuber was accused of throwing a stone that knocked the Williams boy from a raft into the water, where he drowned. Stuber denied the charge.

A coroner's physician testified that there was no mark to indicate that the boy was struck by a stone and declared his death was due to accidental drowning.

This was the verdict of a special coroner's jury which investigated the race riots death.

# GOMPERS--ALLEN DEBATE CAPITAL AND LABOR RIGHTS

Subject is Discussed  
from All Angles  
By Speakers

MANY HOT  
SHOTS FIRED

NEW YORK, May 28.—The relations of capital and labor; the right and its legitimacy as regards the effect on the public; the Kansas industrial court law and its significance to the future of the working man, were discussed from all angles in a remarkable debate tonight in Carnegie hall between Samuel Gompers, president of the American Federation of labor and Governor Henry J. Allen of Kansas.

Governor Allen's main contention was that government has the right to protect the public against strikes when its welfare is imperiled, while Mr. Gompers held to argument that no law can prevent a man from stopping work if by so doing he may benefit himself and his family.

Mr. Gompers labelled the Kansas industrial court law "an American slave law" and Governor Allen declared he had taken away from Mr. Gompers his divine right to order a man to quit work.

The oratory of the debaters was punctuated with frequent cheers and boos by adherents of each side and occasional questions shouted from the floor and the balconies.

In support of the right to strike, Mr. Gompers declared that the coal miners' strike took boys out of the mines; that the textile workers' strike brought children out of mills and put them in the schoolroom while strike in the needle trades broke up the sweatshops when laws had failed to do so.

Governor Allen's industrial commandment was "you shall not conspire to shut down the industry necessary to the welfare of the people."

"When the general public says we have had enough of this," he said, "its over."

"Who controls the divine right to quit work?" Governor Allen asked. He was answered with cheers and boos.

The debate called for no decision, the committee in charge having purposely divided the house equally between supporters of each speaker.

Mr. Gompers, in championing labor's privilege to strike, electrified his partisans when he said with evident emotion that the working man who wouldn't try to benefit his condition was a "poltroon to himself and society."

Governor Allen scored a point with his friends when he asserted that if there is to be a government of justice there can't be any part greater than the whole.

He alluded to the attitude of the American Federation of Labor in the approaching election towards unfriendly office holders as a "movement to unloose the congress of the United States."

The Kansas court does not prosecute labor, Governor Allen said, but it protects labor against capital, against the labor and the public against either or both.

A feature of the debate was Allen's efforts to get Gompers to answer this question:

"When a dispute between capital and labor brings on a strike affecting the production of distribution of the necessities of life, thus threatening the public peace and impairing the public health, has the public any rights in such a controversy or is it a private war between capital and labor?"

"If you answer this question in the affirmative, Mr. Gompers, how would you protect the rights of the public?"

The labor leader declined to answer it, asserting that it was a catch question.

At another time, while Mr. Gompers was referring to the poverty of some workers, a man in the gallery shouted:

"How poor are you?"

Gompers was plainly angered at the question. He demanded that the man's name be called out of encouragement from his followers and when the labor leader had referred to the disturber's remarks as a cowardly, ungentlemanly insinuation, the labor men shouted with glee:

"You tell him Sammy, that's the stuff."

Governor Allen in conclusion charged that Gompers' "remedy for war is more war."

"Mine," he added, "is peace, conditioned on the impartial judgment of responsible government."

Within a year, the governor predicted, the best friends of the Kansas industrial law would be the laboring men of Kansas.

Alton B. Parker, presided, only once or twice having to ask for order. Mr. Gompers also stilled the audience with a wave of his hand when the uproar threatened to drown out his voice.

S. W. Evans of St. James, Mo., is in the city for a brief visit with Mrs. M. A. Evans and family on South Kosciusko street.

# REPUBLICANS FAIL TO PASS KNOX RESOLUTION OVER WILSON'S HEAD

Peace Proposal Falls Short  
29 Votes of Necessary  
Two Thirds

WASHINGTON, May 28.—Lacking 29 votes of the necessary two thirds, the house failed today to pass the Knox resolution ending the war with Germany and Austria, over President Wilson's veto.

The result was not unexpected. The vote was 229 to 152, seventeen Democrats joining with Republicans in attempting to override the veto, while two Republicans voted with the Democrats to sustain it. Before starting the fight on the floor Republican leaders predicted that the veto would stand by a margin of 100.

But nevertheless announced their determination to make the fight just the same and let the fight go to the hilt.

Proceeding final action, which again ended efforts to establish peace, there was an hour of debate in which the presidents position was assailed by Republican and defended by Democrats. Attacking the Republican leadership of congress, Representative Connolly, Democrat, of Texas, challenged the party in control to present a straight resolution for repeal of all war time legislation and promised Democratic support in an effort to pass it in the event of a presidential veto.

Declaration that passage of the Knox resolution would further the time of the repeal of war time laws, Representative Mondell, the Republican leader, came back with the challenge to the Texas member to give proof of his ability to "deliver Democratic help" but the answer was last in a howl from both sides.

Later in the day, however, Mr. Connolly, without comment, threw into the house hopper a joint resolution providing for repeal of every bit of war-time legislation effective of the date the resolution's passage.

Soon after Representative Ackerman, Republican, New Jersey, presented a similar resolution. Neither resolution expected to be called up before the summer recess or adjournment. The Connolly resolution call for repeals of "all acts and resolutions passed since April 6, 1919 and which by their terms are to be effective only a specific period during the war or for such existing emergency."

WASHINGTON, May 28.—Railroads of the country today appeared before the Interstate Commerce Commission in their efforts for increased freight rates. Further hearings were suspended by the commission until June 7 to give shippers and state railway commissioners time to prepare for cross examination of witness for the carriers.

During the hearings which began Monday, testimony was introduced by the railroads to show that increased income is needed immediately if they are to handle the nation's commerce satisfactorily or otherwise government ownership is inevitable. Relief only can come in the form of increased rates or out of the treasury of the United States, the carriers claimed. Rate increases asked do not include the wage demands of the employees under consideration by the railroad labor board estimated at \$1,000,000,000.

Rate increases of 32.82 per cent and treatment separate from the western group which is asking an advance of 24 per cent were requested today by 38 carriers of the southwest.

# MANY POLITICAL LEADERS HEADING TOWARD CHICAGO

Political Pot Which  
Has Been Simmering  
Begins to Boil

ALL ARE  
CONFIDENT

CHICAGO, May 28.—With the arrival here today of Acting Secretary Clarence B. Miller of the Republican committee, and many national committee members and leaders, the political pot that has been simmering for the last few days began to boil.

Many of the arrivals brought with them assurances that certain native sons were by no means out of the race while others told of sentiment being reflected for the various candidates for the Republican nomination for president.

S. Albert Perkins, of Washington, assured all of those to whom he talked that Senator Miles Poindester would be found in the running and a winner after all others had failed to weather the storm of ballots.

Alvin T. Hert, of Kentucky, volunteered the information that "Kentucky's delegation is unanimous in its opinion that it is a bad business for the Republican party to speak for it." However, he said, "Illinois is our neighbor and there is a strong sentiment for Lowden in that state. There will be no dark horse nominated at this convention. One of the men who has offered to the nation as a possible nominee will be the convention's choice."

When asked what he thought of the convention situation, Mr. Hert said:

"There can be little doubt that during the last two weeks sentiment has been crystallizing around Governor Lowden."

L. D. Richards, delegates at large from Nebraska, expressed his views of the senate committee inquiry into campaign expenditures. "I think that is a bad business for the Republican party. It is an attempt to injure the candidacy of Major General Wood by bringing before the public the unquestioned fact that primaries are expensive and make the people think there is something wrong when there is nothing at all."

"The men who started it are unfair and such statements about General Wood will be strongly resented by other delegates as it is by me. I am sure the people will not approve this attack when they know the facts and they will know as they get full information."

Frank Hitchcock, who arrived today, stated that Wood leaders would be here on Monday and would decide who would manage the general's campaign on the floor of the convention as well as decide who shall place his name in nomination.

Fred L. Upham, treasurer of the national committee, after conferring with a number of Republican leaders, stated:

"I told you a number of days ago the Lowden would have 523 votes at sometime during the balloting. I have no reason to change my mind."

The city building inspectors made their second inspection of the coliseum today and approved the work being done to place it in readiness for the convention in June.

# COUNTY JUDGES WILL MEET IN JACKSONVILLE

CHICAGO, May 28.—James C. Ley of Bloomington, county judge of McLean county, was elected president of the county judges' society of Illinois today. He was elected by a vote of 10 to 8 over Judge Arthur C. Fort of Peoria.

The next meeting of the association will be held in Jacksonville in October. Judges J. H. Gadsdale, of Hillsboro, W. C. Olson of Centralia and Warren Orr of Carthage were elected ex-presidents. Judge Ray Seiler of Pontiac secretary, and Judge H. B. Weaver of Springfield, assessor.

# THREE MUST HANG FOR MURDER

CHICAGO, May 28.—Joe Constantino, Antonio Lopez and Sam Seprap were sentenced today by a jury to be hanged for the murder of Anton Varchetto on January 15. According to the evidence the three defendants, in company with another man, had apprehended a woman, Varchetto, after making a few purchases ordered the woman behind the counter to throw up her hands. Varchetto and two other persons rushed in from a rear room and were greeted with a volley of pistol shots, the testimony showed.

The convictions raised the total death sentences imposed in Chicago this month to ten.

# ORDER INVESTIGATION OF BERGDOLL ESCAPE

WASHINGTON, May 28.—Congressional investigation of the escape from custody of Grover C. Bergdoll, Philadelphia draft evader, was proposed in a resolution introduced in the house today by Chairman Kahn of the military affairs committee.

The resolution would direct Speaker Gillette to appoint a committee composed of five house members to conduct an inquiry "to learn if the escape was the result of a conspiracy."

# EX-KAISER TRYING HIS HAND AT TAILORING

LONDON, May 28.—William of Hohenzollern, former emperor of Germany, is trying his hand as a tailor, according to a Central News dispatch from Amsterdam. He is cutting out patterns for many new suits with which he is doing a stock his wardrobe, and the dispatch quotes a trade paper as declaring he is "excelling at the job."

# SPENT \$32,000 FOR LOWDEN

St. Louis, May 28.—Jacob L. Babio, Republican national committeeman and E. L. ("Liv") Morse of Excelsior Springs, who today admitted they had spent \$32,000 of the Lowden campaign fund, tonight asserted they gladly would appear before the senate sub-committee investigating pre-convention presidential campaign funds and explain the expenditures in detail.

# FIND BOAT FILLED WITH WHISKEY

DETROIT, May 28.—A boat carrying a cargo of 600 quarts of bonded whiskey was moored at a wharf in the Detroit river and the sheriff of Wayne county would like to hear from—or, better still, meet—her owner.

Thursday night a farmer living near Trenton, Mich., telephoned Sheriff Coffin. He said, "strange things are going on in the river here." The sheriff, with deputies, rushed to the spot. A large power boat, which had recently arrived from the direction of Canada, was anchored in the river. While the sheriff was observing, four men left the craft in a row boat and came ashore. They were captured, but none claimed to be the owner of the boat. Then the sheriff took the rowboat and started for the power boat. Six men went overboard, swam to a launch hovering nearby, and disappeared.

The name of the boat is "Miss Hilda."

# TURKISH PEACE TERMS DRASTIC

WASHINGTON, May 28.—Terms of peace imposed on the Turks, more rigorous than any previous summaries have indicated, were revealed last week in Athens by Premier Venizelos.

"The Turkish treaty," according to Venizelos, "according to Turkey only local autonomy. In the small southeastern area of Europe in which Turkey is left a last foothold, Venizelos declared, her forces are limited by the treaty to 700 men."

Constantinople is retained by the Sultan, the Greek premier explained, with the reservation that "he will not violate the conditions of the peace treaty."

The Turkish army is limited to a militia of 35,000 men to be organized by Europeans, 15 per cent of the officers which must be officers.

# PARIS PREPARING FOR MEMORIAL DAY

PARIS, May 28.—The Memorial Day fund has reached a total of nearly 600,000 francs and is steadily growing. It includes French, British, Egyptian and other contributions.

The largest individual subscription was from Emile Deutsche De La Meurthe, 10,000 francs, while the smallest were two sous each from the children of the town of Savern, Alsace, where a few Americans are buried.

The committee headed by Col. Francis Drake of the Paris Post of the American Legion, will place wreaths on the statue of Lafayette in the Piqueux cemetery, the Washington monument in the Place d'Iena and the combined Lafayette-Washington monument.

# RE DESTROYS BARRACKS

DUBLIN, May 28.—The police tracks at Kilmallock, 18 miles west of Limerick, today were destroyed by fire last night after an attack by armed men. It is reported two policemen were killed and one civilian wounded.

# WEATHER INDICATIONS AND TEMPERATURES

Published every morning except Monday by the JACKSONVILLE JOURNAL CO., 225 West State St., Jacksonville, Ill.

W. L. FAY, President

Subscription Rates: Daily, single copy, 5c; Daily, by carrier, per week, 35c; Daily, by mail, 3 months, \$1.00; Daily, by mail, 1 year, \$3.00.

Entered at the postoffice in Jacksonville, as second-class mail matter.

Member of the ASSOCIATED PRESS. The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited to this paper.

## JOHNSON WILL NOT BOLT

Senator Johnson is a stronger candidate for the Republican presidential nomination than he was a few days ago. The western senator has set at rest the fears that if not nominated he will bolt the convention. The assurance given that he is ready to play the game square, that he counts the pre-election contest entirely a political family affair, will give him a higher place in the estimation of many voters.

## IT COSTS MONEY.

After all, it is not so much the question as to the amount of campaign expenditures as it is the method. Publicity in every form costs several times more in this pre-election campaign than was true in 1916. If even half of the 110,000,000 people in the U. S. are told about a candidate by posters, letters, newspaper advertisements or speech making programs, it is easy to understand that somebody must pay a big expense bill.

## THE RIGHTS OF THE PUBLIC.

Mr. Sheppard of the railroad conductors doesn't believe that the public should have anything to do with the settlement of wage differences between managers and employees. He says that the public doesn't understand enough about the situation to be fair and reasonable. But it's hard to get away from the argument that since the public pays

for the bills, that the public should have something to say about the amount of those bills.

## COMMENCEMENT SPEAKERS.

This is the season of commencement addresses all over the country. It is safe to say, too, that not one of these many addresses is delivered that does not have in it much of wholesome and worth while advice. But the commencement speaker of today spends less time with advice than he does proving what are the real values in life. If the graduates of the schools and colleges of the country could all follow closely in the paths of learning and service to which these speakers point, civilization would certainly move forward with more rapid tread.

Dr. Saler of Chicago says that by following the proper health rules the time will come when most people will live to be 100 years old and that the death of persons under fifty will warrant special inquiry.

When that time comes the office of coroner may be one of the most lucrative in the county category.

This same doctor insists that after one has survived the perilous illness incident to childhood that there is no use succumbing for many long years.

Census figures for Decatur show an increased population of about 40 per cent. The people in that city may be satisfied with the result and if so they hold a unique position. From most cities there have been loud complaints when the figures have been published, and in some instances authority has been sought for a revised census.

As a matter of fact it is a little hard to understand why Jacksonville was not accredited with a larger increase in population. Since 1910 there are several hundred more people resident at one local institution. During the period a great many houses were erected and few were torn down. Today it is a most difficult thing to find an unoccupied house in the city, and yet the population totals show but an

insignificant change by comparison with those of 1910.

## RECOGNITION FOR OUR COLLEGES.

It is a splendid recognition that has come to Jacksonville in the contributions to Illinois College and Illinois Woman's college from the general educational board. These gifts mean more than the money, although the funds themselves were so greatly needed. The educational board gives support only to institutions of recognized standing, institutions where solid work is being done. For both of the colleges the contributions amount to one-third of the additional endowment being sought, and there is no question but what the liberality of Mr. Rockefeller and the board will give the financial campaigns new impetus and make certain their successful completion.

Rippling Rhymes  
By Walt Mason

Are you sad and weary hearted,  
Are you full of prunes? Come  
and see my lyre get started,  
Hear my cheer-up tunes. Do you think  
you've cornered sorrow? I have  
griefs, as well; but I'm banking  
on tomorrow; hear my blithesome  
yell. I have done a lot more  
weeping than I'll do again; I have  
sown and seen the reaping done  
by other men; I've had spuds  
and hoped to cook them, greens  
I wished to eat; but the sheriff  
came and took them, in the name  
of Pete. I have lost an aunt so  
stately that she beat Lenore;  
even yet I miss her greatly, but I  
weep no more. For our tears  
bring home no bacon, bring no  
fodder in; when we're stricken  
and forsaken, it is best to grin.  
Are you beaten down and broken,  
finding life too hard? Come and  
hear a glad word spoken by a  
cornfed bard. Single sorrows  
soon are double if you weep and  
sigh; nothing scares off Old Man  
Trouble like a courage high.

ROBBERY CHARGE NOT  
PROVEN BY STATE

Jury Unwilling to Convict on Circumstantial Evidence Man Charged With Attempt to Rob Alexander Bank—A Silent Prisoner.

The jury which heard the evidence against George Monroe, charged with attempt to burglarize the Alexander bank, brought in a verdict Friday night at 8:30 finding the defendant not guilty. The case was given to the jury after Judge Burton read the instructions about 6 o'clock. Speeches for the state were made by Walter W. Wright and State's Attorney Robinson, and on behalf of the defendant by J. Marshall Miller of this city and Edmund Burke and John Friedmeyer of Springfield.

It was a generally recognized fact that the state did not have a strong case against Monroe. The evidence was all of circumstantial kind and the state therefore had great difficulty in the effort to prove that Monroe was one of the three men who attempted the bank blow up.

There were a number of unusual things about this prisoner. He was in the jail for a month or more and during that time, according to Sheriff Weatherford, neither received a letter nor wrote one. The man would not talk other than to give a brief answer 'yes' or 'no'. During the two days of the trial as he was taken back and forth to the court house by Deputy Sheriff Andrews he offered no comment of any kind. The sheriff's office did not know who the prisoner's attorneys were but when the trial was called he was ably defended.

It was not until after the case had been given to the jury that Monroe talked and then it was to ask a question as to what the sheriff thought of the outcome of the case. Later on the sister of the man who was charged with the robbery was asked who the sister was and he replied: "There is no use of my telling you because if I did it wouldn't be the truth."

Deputy Sheriff Turner came from Peoria last night to take a look at Monroe as his description tallied very closely with that of a man wanted by the Peoria authorities, but after seeing Monroe he said he was not the "Roy Porter" for whom he is seeking. The man wanted in Peoria was described as having a gold tooth in his upper left jaw, with a long scar on the left side of his face and some other details of appearance were given agreeing exactly with those of the physical facts about Monroe. There were, however, facial features which made the difference in identity certain.

## TEACHERS WILL ATTEND INSTITUTE

Daily Program of Work Announced by Superintendent Vassoncellos.

The daily schedule for the Morgan County Teachers' Institute has been announced by Supt. H. H. Vassoncellos. As already mentioned, the annual institute will open May 31 at the David Prince building and continue through June 4. The program as outlined for each day will be as follows:

Monday Forenoon  
9:00—Opening exercises.  
9:30—"Lions and Guinea Pigs"—Prof. Cox.  
10:45—"Forward to the Land"—Prof. Tapp.

Monday Afternoon  
1:30—Roll call.  
1:45—"The Third and Fourth Generation"—Prof. Tapp.

Monday Evening  
7:30—"Learning by Heart"—Prof. Cox.

Tuesday Forenoon  
9:00—Opening exercises.  
9:30—"Problems of the Recitation"—Prof. Cox.

Prof. Lippincott here.

Prof. W. A. Lippincott of Manhattan, Kan., is in the city for a brief visit with his parents, Mr. and Mrs. J. P. Lippincott, on West College avenue. Prof. Lippincott will spend the greater part of the summer at the University of Wisconsin, doing further graduate work.

## DUROC BREEDERS MET FRIDAY NIGHT

Take Preliminary Steps Toward Forming Organization for County—Committee Appointed on Constitution and By-Laws.

Breeders of Duroc Jersey hogs in Morgan county took preliminary steps Friday evening for the formation of a Duroc breeders association.

The meeting was held in the Farm Bureau rooms in the Hockenhill building and there was a good representation of breeders present. W. B. Goussess, secretary of the Illinois Duroc Breeders Association was in charge.

Lester Reed served as temporary chairman and Clarence Walker was temporary secretary. A committee consisting of C. R. Gibson of Franklin, Howard Stevenson and Howard Kinnert was appointed on constitution and by-laws.

This committee will report next Friday night, June 4, at which time the permanent organization will be perfected and officers elected.

At the meeting Friday evening those present discussed many things of interest in the breeding business. Among them was the formation of pig clubs which will be pushed by the association.

## JUNIOR HIGH SCHOOL CERTIFICATES ISSUED

Largest Class in History of School Received Certificates Friday Afternoon—Americanization Program Presented.

A very large audience gathered Friday afternoon at the David Prince building for the certifying exercises of the junior high school. The class of 126 boys and girls was the largest that has ever finished the course of the school, and certainly they presented a very interesting and promising spectacle as they received their certificates from Supt. H. A. Perrin.

Appropriate for the time, an Americanization program was presented. The arrangements for the day had been made by Miss Laura White, principal, and her associate teachers in the school. The program gave evidence of the thoughtful spirit of the faculty and of their desire to have the young people in the school learn those most important lessons, the duties of citizenship.

The different papers presented were full of information for both the young people and their adult friends. The program suggested some of the problems of the country, something of the present day problems as related to immigration, and suggested what Americanism in its best sense really means.

That the pupils were interested in the work was very apparent from the enthusiastic way in which the program was presented. In addition to the different themes there were several musical selections which added to the pleasure of the occasion.

Although it was a program which gave further proof of the good work which is done at the junior high. The order of exercises was as follows: Invocation—Rev. F. M. Crabtree. Hymn, Bera—John E. Gould.

Class The Modern Pilgrim—Edna Aldrich. Piano Solo, Pendant La Valse—Lack.

Stopping the Underrubies—Arthur Bergstrom. Violin Solo, Iris—Pierre Renard.

Edward Landis (Miss Clara Moore at the Piano) What the Immigrants Bring to Us—Mauriet Donges.

Vocal Duet, When the Roses Bloom Again—Stephen Adams.

Vivian Wyatt, Barney Greenfield. What Can We Do for the Immigrants? (a) In Housing Conditions—Marie Roberts.

(b) In Industry—Sheldon Nicol.

(c) Educationally—Dorothea Pearson.

Violin Solo—Adoration Lyndie Conboy (Prof. Kitch at the Piano) Becoming a Citizen—Edward Hill.

Vocal Solo, The Heart's Highway—J. S. Fearis.

The Finished Product—Lee Baldwin. The American Citizen—Class—Led by Theodore Wetzel.

Chorus, Sing—Gustav Holzel.

Class Presentation of Certificates—Supt. H. A. Perrin.

DECORATION DAY We will be closed all day. JACKSONVILLE TFR. & STORAGE CO.

ROTARY CLUB IN WEEKLY SESSION

At the Rotary supper Friday night Rev. M. L. Pontius presided and there was a full attendance of members. The question of smallpox was discussed by Dr. W. H. Weirich, Dr. Carl E. Black and Mayor E. E. Crabtree. It was pointed out that in practically every other city in central Illinois, there are today a number of cases of smallpox.

The physicians talked principally along the lines of prevention, making mention of the two facts that vaccination is the only known way and that a surprisingly large number of people are unwilling to be vaccinated.

Mayor Crabtree gave some figures to indicate the large expense that devolves upon the city in providing supplies for families under smallpox quarantine.

Sigma Pi IN REGULAR MEETING

Sigma Pi literary society held their last regular meeting of the college year in their hall Friday evening. The program rendered was:

Declamation, The Battle of Omdurman—Franklin Scott.

Reading, The Pearl—May Handicap—Robert Shoemaker.

Reading, How to Behave at a Banquet—Edward Tomlinson.

Essay—Lest We Forget—William Scott.

Essay—Athletics at Illinois next year.

Extemporaneous speech—Life at I. C. next year.

There was no debate scheduled.

## BEAUTIFUL EXHIBIT AT SCHOOL FOR BLIND

Shows What is Being Taught Pupils in Useful Occupations—Many Fine Examples of Weaving, Chair Work and Other Arts.

The exhibition of handicraft at the State School for the Blind is largely a new departure this year and certainly reflects great credit on the management in general and on the young ladies in special charge.

One class of work is in the fiber department, conducted by Miss Elizabeth Newmon, who has charge of the boys, and here the work is surprising. They get frames for all sorts of chairs, little ones for children, large ones for the grown ups, easy chairs for the sitting room and library and the manner in which the material is woven into this furniture is wonderful.

Then there are tables, of various sizes and different pieces all perfectly done. In wood work there are toys, a gun, airplane in addition to coat hangers, stools and many other articles. There is a great variety of baskets of all sorts of shapes and sizes showing good skill for those who have eyes. Miss Newman says she hangs up the material and when the pupils have had their lessons the material is placed where the material is placed, take it down and go to work.

One boy, Louis Roberts of Industry, made seventeen baskets and last summer earned \$10 at home with his handicraft. He has a position in a basket factory which will make him a good livelihood. Three boys are to go to a factory at Freeport and some will go to the lighthouse in Chicago to make toys and various articles.

Mr. Dower has charge of the weaving and some good work is here exhibited. There are fine hammocks, practical chair caning of cane seating and work of that kind a brooms.

Miss Harmon teaches the girls all sorts of basketry and the work in that line will compare favorably with that the boys do. Then she teaches sewing and a number of very good and serviceable garments are shown. They also do knitting and crocheting very well and have a number of garments to show for their efforts.

Miss Jane Larabee has charge of the weaving and here the results are amazing. There are rugs in fancy designs and curtains. They have a large assortment of looms which they are taught to use and some products in this line are beautiful. One girl bought a loom and will continue her work at home.

The whole display deserves a far longer notice than is practicable. It is unfortunate that a larger room for the exhibit is not available as things are too much crowded and many things cannot be brought in at all but when the building was constructed no such exhibit was contemplated.

In addition to the beauty and attractiveness of the work it is pleasant to note the character of the articles produced. They are generally such as are used in every day life and hence will be desired. In fact, quite a lot could

be sold from the exhibit but it is not desirable for state institutions to come in competition with other establishments but when the pupils graduate they may be able to be independent which will be a great blessing.

The exhibition will continue today and Monday and should be seen by a great many.

PHI ALPHA SOCIETY IN REGULAR MEETING.

Phi Alpha Literary society held the last regular meeting of the year in the hall Friday evening, there was a large attendance of the members present and a lively program rendered. Howard Wilson gave an excellent rendering of "A Hoosier's Description of Rubenstein's Playing."

The business of the year was finished. Ralph Dunlap was present and spoke to the society about the 75th anniversary which will be held on June 8, extensive plans have been made for this event and an unusually large number of out of town Phis have signified their intentions of being present at that time.

The society voted to frame and hang on the walls of the Phi Alpha hall a picture of Mr. Campbell of Bowling Green, Mo. Mr. Campbell is among the oldest of the living Phis and has always taken an active interest in the society. He is very feeble now but has reserved a place and will be here for the reunion.

ANNOUNCEMENT In observance of Decoration day our store will be closed all day Monday, May 31st.

J. HERMAN

BIDS ARE ASKED.

Sealed bids will be received by the clerk up to 12 o'clock, noon, Friday, June 4, 1920, for adding a room to the present school building in South Jacksonville district No. 64. Plans may be seen at the residence of the president, Enoch Messey. Each bid must be accompanied by a certified check in the sum of ten per cent of the bid that the successful bidder will enter into contract for completion of the work. The board reserves the right to reject any and all bids.

Enoch Messey, President. Harry Clark, Clerk.

NOTICE. Persons cutting weeds along highways of road district No. 17, please do not throw them on roads, they interfere with dragging.

R. S. Hamilton, Road commissioner.

VISITORS FROM CHICAGO. Mr. and Mrs. Walter F. Ogile of Chicago are expected in the city Sunday for a visit with Dr. and Mrs. J. M. Wolfe of West College avenue. Mr. Ogile is a brother of Mrs. Wolfe.

Ernest Young and George Roach of Litterberry were Friday visitors in the city.

## MADRIGAL CLUB IN ANNUAL CONCERT

Brilliant Program Given by Musical Club of Illinois Woman's college—All Participants Showed Result of Careful Training.

The Madrigal club of Illinois Woman's college, under direction of Henry Ward Pearson, last night presented one of the most pleasing and brilliant concerts that has been given in Jacksonville in many months.

The club was assisted by Rena M. Lazelle and Miss Lou D. Miller as soloists and the college string orchestra under leadership of Miss Clara C. Moore.

The first number, "The Deeds of Joan of Arc," by Bernhardt Sicker, was intensely dramatic, brilliant, and while the harmonies were distinctly modern, the atmosphere was entirely keeping with the text. The interest was well sustained by the club and by Miss Lazelle who sang the role of Joan.

The next two groups of songs, the Kentucky mountain songs and the negro spirituals were sung with the fervor which characterizes the real spirit of such folk melodies. The first of the program was the "Mary Magdalene," by the modern French composer, D'Indy. This the club had the support of string orchestra and organ. The superb work of Miss Louise Miller as soloist was especially noteworthy. Mention should be made of the sympathetic support given the club by Miss Marjorie Taylor at the piano. The accuracy of attack, the delicacy of shading and the beautiful ensemble reflected especial credit on the untiring efforts of Director Pearson. The program was published in Thursday's Journal.

FOR SALE 7 room house in west part of city. Apartment house south part. Modern. Be phone 722 or Bell 761.

CONDITION IS CRITICAL Word was received here yesterday that Miss Elizabeth H. tord, who went to Colorado some time ago in the hope of regaining her health, is in a critical condition in Colorado Springs. Miss H. tord is a registered nurse and had followed her profession here for a number of years. She suffered a breakdown some months ago as the result of heavy work during the influenza epidemics.

NOTICE All candidates and members will meet at K. C. hall Sunday morning 9:30 to march to 10:30 Ma in a body.

W. T. Harmon, G. J. J. Ferry, F. S.

SERGEANT GILLIS IS HERE ON FURLOUGH

Sergeant R. Gillis, of the 19 Infantry, stationed at Douglas, Arizona, is in the city on a three day furlough visiting his parents, Mr. and Mrs. S. Gillis on North Main street.

LITERBERRY PEOPLE ATTEND COMMENCEMENT

Among Litterberry residents who came to the city last night to attend the High school commencement exercises were Mrs. Durrell Crum, Mrs. Owe Crum, Mrs. O. A. Petefish and Mrs. Thelma Litter.

### Don't Blame "Spring Fever" for

### That "Down-and-Out" Feeling

our Blood Needs a Thorough Cleaning Just Now. As Spring approaches the impurities that have been accumulating in the system throughout the winter begin to clog up the circulation, causing a general debilitated condition that is generally known as "Spring Fever." The first symptoms are usually loss of appetite, followed by a gradually lessening of energy, the system becomes weaker day by day, until you feel yourself on the verge of a breakdown. Children at this season are peevish and irritable, and become puffy and feeble.

This whole condition is but the result of impurities in the blood that have been accumulating and are themselves felt more dis-

tingly with the change of seasons. They show that nature needs assistance in giving the system a general housecleaning.

Everybody just now needs a few bottles of S. S. S., the great vegetable blood remedy, to cleanse it of impurities. It is good for the children, for it gives them new strength and puts their system in condition so they can more easily resist the many ailments so prevalent in summer. S. S. S. is without an equal as a general tonic and system builder. It improves the appetite and gives new strength and vitality to both old and young.

Full information and valuable literature can be had by writing to Swift Specific Co., 171 Swift Laboratory, Atlanta, Ga.—Adv.

### HOW TO RAISE BABY CHICKS

Put Avicol in the drinking water.

Most people lose half of every hatch and seem to expect it. Chick cholera or white diarrhea is the trouble. The U. S. Government states that over half the chicks hatched die from this cause. An Avicol tablet placed in the drinking water, will positively save your little chicks from all such diseases. Inside of 48 hours the sick ones will be as lively as crickets. Avicol keeps them healthy and makes them grow and develop.

Mrs. Vannie Thacker, R. F. D. 3, St. Paris, O., writes: "I had 90 chicks and they all died by 32. Then I commenced on Avicol and haven't lost any since. They have grown wonderfully. It costs nothing to try Avicol. If you don't find that it prevents and promptly cures white diarrhea, chick cholera and all bowel diseases of poultry, tell us and your money will be refunded by return mail. Avicol is sold by most druggists and poultry remedy dealers, or you can send 25c or 50c today for a package by mail postpaid. Burrell-Dugger Co., 555 Columbia Bldg., Indianapolis, Ind."

### AVICOL stops chicks dying

### Watch Your Nails

—Never too Late to Use Glazo

—because all you do is just brush it on—that's absolutely all—and the GLAZO does the rest. You don't even have to buff it—yet it lasts for a week and keeps your Nails so spic and span.

Just try GLAZO. Ask for it at any Drug or Department Store—or direct from us. It's only 50c a bottle.

Murrayville was represented in the city yesterday by Mrs. C. R. Short and daughter, Lucille, Dr. and Mrs. W. A. Wesner, Mr. and Mrs. Norman Carlson, Mrs. Oscar Angelo, and Mrs. Clyde Fanning.

**FARMERS AND THE LATE SEASON**

It continues to rain frequently and farmers in many parts of the county are having good reason for wondering when they will get the corn planted. Friday's rain, however, was somewhat local and was much heavier north of the city than it was to the south. Water was standing in many fields just a few miles north of Jacksonville, while plowing was possible in other fields mentioned.

There are some localities where the soil is heavy and not well drained and no planting can be done there for another week or ten days, even if there is no further rainfall. While in some favored localities corn has been planted and is already up, there are thousands of acres in the county which still remain to be plowed.

As a result of this light season the farmers are working long days when they have the chance and in some cases women not ordinarily accustomed to field work are helping out with the plowing program.

Another result of the season will be the planting of a greater acreage of 80 day corn. This variety matures in several weeks' less time than is true of the ordinary field corn.

On L. S. Doane's farm in the Joy Prairie neighborhood it has been the custom for several years to plant nothing but the 90 day variety. The adoption of the plan came about in this way. One year a field on this farm was planted to 90 day corn while in another field one of the Yellow Dent varieties was used. When the corn was cut although the season was normal the yield was considerably heavier from the 90 day corn. Since that time the 90 day variety has been continually used.

Arthur M. Masters has a large force of men working on his farm in the Woodson and Murrayville neighborhood and 150 acres of corn has been planted. Mr. Masters takes a very philosophical view of the present seasonal difficulties and said recently that he had no doubt but that the crop results would be satisfactory next fall.

He said that in his experience that while a wet season brings some difficulties, that they are not of a kind which cannot be overcome. "We have a certain average rainfall in this locality," said Mr. Masters, "and if we do not get it at one time of year we do at another, and the records show little change in the average. I am not inclined to worry about rainfall or elemental troubles, for I have a feeling that there is a higher power that regulates these things and the seasons come and go in a way which will do the greatest good to the greatest number."

**UNION SERVICES SUN-**

**DAY AT WOODSON**

Everybody in Woodson and vicinity is cordially invited to the union Sunday school and memorial services to follow in the Christian church at Woodson Sunday morning. Both churches will unite in these services which will be of an interesting character.

### BUSINESS MEN PLAN FOR CLEAN STREETS

Will Solicit Funds to Flush Streets in Business Section—Hope to be Able to Keep Down Dust Now There is Plenty of Water.

Business men recently have been talking of some plan to keep down the dust in the business section during the summer months. Each year there has been heavy damage from dust to merchant's stocks. In some years this could not be avoided because of shortage of water.

Now, however, there is an abundance of water and it is believed that merchants in general will be public spirited enough to contribute the necessary funds to provide for sprinkling or flushing the streets.

Arrangements have been made whereby committees will call upon the business men in each block and endeavor to raise funds. The city would gladly do the work if it could afford it. But with many other things pressing this is impossible.

The cost of this work has increased over past years. This is in keeping with the advance in other lines and is caused by advances in labor and other items such as the feeding of the teams necessary for the work.

It will require a larger sum this year than in the past. However, those who are promoting the proposition believe it can be raised.

**DECORATION DAY**  
Monday, IN HONOR OF OUR BOYS, we will be closed all day. JACKSONVILLE FARM SUPPLY CO.

**I. S. D. GIRLS' ATHLETIC MEET**

The girls' intermediate and advanced gymnasium classes of the Illinois School for the Deaf held their athletic meet Friday afternoon in the school gymnasium. The winners were:

Standing broad jump—First, Edna Dirks; second, Thelma McLean; third, Thelma Skedsmo.

Running broad jump—First, Victoria Clotti; second, Thelma McLean; third, Myrri Ashley.

Hop step and jump—First, Edna Dirks; second, Helen McKinney; third, Helen Vertrees.

Basket Ball far throw—First, June Cleveland; second, Vida Conway; third, Sarah Miller.

Potato Race—First, Eva Kowalczyk; second, second, Elsie Rice; third, Gladys Watts.

Running High Jump—First, Thelma McLean; second, Kathleen Murphy; third, Minnie Levitsky.

25-yard dash—First, Edna Dirks; second, Ora Gibson; third, Jennie Stevenson.

The boys meet which was to have been held at the same time was postponed on account of the rain.

## EDUCATIONAL BOARD AIDS WOMAN'S COLLEGE

SHARES IN BIG FUND GIVEN BY ROCKEFELLER.

Contribution is \$133,333. With Special Grants For Next Two Years—Gifts To Two Local Institutions Insure Big Endowment Increase.

When Dr. J. R. Harker announced at the Woman's College Friday a gift of \$133,333 to the college by the general educational board there was great enthusiasm. This sum is one-third of the \$400,000 endowment fund which Dr. Harker had told the board is necessary to pay increases in teachers' salaries. In order to make the money available a grant of \$7,500 will be made for next year and \$6,000 for the year following.

This means that ample time will be given the college to make good the conditions of the gift and secure additional contributions, and that while this work is in progress that interest on the contribution will be paid to the college.

Mention is made elsewhere in this paper of a telegram to President Rammekamp announcing the board's offer of \$125,000 to the college if the \$375,000 endowment fund is raised. The offer to Illinois college includes two years' grants of \$6,250.

**HUGE FUND DISTRIBUTED.** Information about the whole program of distribution is not at hand but it likely that many of the 500 colleges in the U. S. have shared in this fund. It was last Christmas that John D. Rockefeller gave \$50,000,000 to the board for the special purpose of making possible increase in the salaries of instructors. The general educational board is one department of the Rockefeller foundation. It has \$100,000,000 invested and distributes annually the interest on this huge sum for development of educational work.

Dr. Butterick is the executive secretary of the board and it is that sent the telegrams to the two local colleges. One interesting fact about the distribution is that the college presidents everywhere have been entirely in the dark as to whether they would receive aid. It was known that members of the board held a special session to decide upon the plan of distribution and the different institutions to have part in the fund. It is further known that in order to avoid all interruption that this meeting was not held in the general offices of the board but in a city in the state of Georgia.

**WILL MEET CONDITIONS.** When Dr. Harker received the board's telegram late Friday afternoon he was just a little prepared for the wonderful news. Earlier in the day he had received another telegram from the Methodist educational board extending congratulations. No specific statement was made but Dr. Harker thought the message had reference to the general board and he was in a

## A TEXAS WONDER

sense ready for the joyous telegram. The two contributions to the Jacksonville colleges will give the officials of these institutions renewed enthusiasm and compliance with the general conditions is certain.

## Deaths

**Angelo.** Mrs. Reuben Angelo died at the home of her daughter, Mrs. S. T. Watts, of Ashland, Ill., on Friday morning, May 28, 1920, at 9:30 o'clock.

Funeral services will be held at the home of daughter on Sunday afternoon, May 30, at 1 o'clock. Rev. Charles E. Beach, officiating. Interment will be made in Diamond Grove cemetery Jacksonville at 3:30 p. m.

## FLOWERS FOR DECORATION.

**Remember the Fallen Heroes With Generous Gifts.**

Attention is again called to the request for flowers for decoration purposes Monday morning. A good many will be wanted for it is the desire to decorate in all three cemeteries and to include the departed to the Spanish American and great world wars. Donors will please bring their gifts to 210 South Main street where the entrance to G. A. R. hall. A good many are wanted early in the morning for use in Diamond Grove and Calvary cemeteries.

**ATTENTION G. A. R.** All members of Matt Starr post G. A. R. and all comrades of the civil war are requested to meet at G. A. R. hall at 10 a. m. Sunday to march thence to the Central Christian church to hear the memorial sermon by Rev. M. L. Pontius.

**FRANK WIGGINJOST.** Commander. J. H. RAYHILL, Adjutant.

## A REMARKABLE RAIN.

The rain which fell yesterday morning was certainly irregular in its visits. In the vicinity of Litchberry there was a heavy downpour; in the direction of Pisgah there was practically none; in the city the shower was rather light but extended no farther than Oak Lawn; in the vicinity of H. H. Massey's residence there are two fields adjoining each other. In one of them a man plowing was driven by the rain while a man in the other field was not troubled at all with falling water from the skies.

W. V. Gousoff, secretary of the Duroc Breeders association of Peoria, was in the city for the meeting of the local association last evening.

## DROPS DEAD IN HOTEL

Kankakee, Ill., May 28.—Edward Stafford of Peoria, 44 years old, dropped dead in a hotel here this morning and as a result police are holding F. P. Durbin, whom they say struck Stafford in a fight shortly before. Both are members of a carnival company.

E. J. Read, route 5 Jacksonville, is a patient at Passavant hospital.

James Reed of the Ebenezer neighborhood became a patient at Passavant hospital yesterday and will submit to a operation today.

## IMPORTANT PLACE TO M. N. ENGLISH

Decatur Review.—Rev. M. N. English of Decatur, superintendent of the Decatur district of the Methodist church, has been elected a member of the newly created council of benevolent boards by the general conference now in session in Des Moines, Iowa. Dr. English is attending the general conference sessions, but is expected to return home Friday, as the conference is to adjourn today.

The new board of which Dr. English is a member, is the most important one named at the conference, as it has jurisdiction over all the other boards of the church in the conservation of century results, determining of policies, and plans for all advance movements and programs of church work relative to the missionary and benevolent activities for the next four years.

The new work will not interfere with Dr. English remaining in his own district work, at least for the present.

## UNIVERSITY STUDENT KILLED BY POLICEMAN

MADISON, Wis., May 28.—Carl andorf, of Grand Rapids, Mich., a sophomore student at the University of Wisconsin, was shot and killed here late today by a policeman during an argument with students whom he attempted to stop from taking a barber pole, intended to be burned during an undergraduate frolic tonight. Patrolman Matt Lynaugh, of the Madison police force, was said to have fired the shot. University freshmen were planning to celebrate permission to discard their small green caps.

According to witnesses, the policeman, after a chase, had placed a student under arrest on a charge of stealing a barber pole to be used in the freshman bonfire. As the patrolman proceeded down the street with the prisoner a crowd of students, including Andorf, followed, demanding the student's release.

## CATTLE BRING BIG SUM

Ottumwa, Iowa, May 28.—Forty-two Angus cattle were sold at the W. H. Cooper sale barn in Hedrick this week at an average of \$8.210. The top cow, "Elluna E," brought \$10,000 and was sold to P. J. Donahue of Holbrook, Iowa. The Rhynas and Wells dissolution sale at their farm at Stockport yesterday saw the transfer of 117 Scotch shorthorn cattle for \$133,450, an average of \$1,140.

## ILLINOIS COLLEGE GETS \$125,000 ENDOWMENT

President Rammekamp Receives Telegram of Appropriation from Rockefeller Fund—Help Also Promised for Current Expenses

President C. H. Rammekamp received a telegram Friday afternoon from the general education board announcing that the board had appropriated \$125,000 to the Illinois College Endowment fund. The general education board was founded by John D. Rockefeller and it was to this fund that he gave \$50,000,000 last Christmas to aid colleges and especially to increase college professors' salaries.

This grant to Illinois College is toward the total of \$375,000 which the college is raising for endowment purposes, chiefly to increase professors' salaries. It will be remembered that the college is raising \$500,000.00 of which amount \$125,000 is for a new library building and the balance for endowment.

The general education board has therefore offered one-third of the amount which the college is raising for endowment purposes which is indeed a generous offer. The telegram also promises the aid of the board for current expenses and help on the professors' salaries for next year. The details of the offer on professors' salaries for the coming year are however not fully explained in the telegram.

The college authorities feel that this fine offer from the Rockefeller board insures the success of the financial campaign for the college.

## REP. GORMAN DIES IN PEORIA HOME

PEORIA, Ill., May 28.—State Representative Thomas N. Gorman died at 9:45 o'clock this morning at his home here of heart disease after an illness of several months. He was a selected member of the lower house of the assembly first in 1903 and has served as representative from this district ever since. His present terms would have expired this fall and he had planned to again be a candidate. He took a prominent part in all important legislation in recent years and is the author of the Gorman act, which gave a pension to dependent blind persons in Illinois.

In January last he was selected sergeant-at-arms of the Illinois constitutional convention.

Mr. Gorman was born in New Haven, Conn., Dec. 5, 1861. He came to Peoria with his parents when a child and has resided here ever since. For many years he was prominent in democratic politics in the state. The funeral arrangements have not been announced.

## SEEK TO RAISE RATES

SPRINGFIELD, Ill., May 28.—Application for increased street railway fares was filed with the state public utilities commission today by the Peoria Street Railway company. Application is made for a cash fare of 10 cents. Tickets would be sold 3 for 25 cents, 7 for 50 cents and 50 for \$3.50. The company recently compromised with employees who struck for higher wages.

By A. H. Vandenberg

## ELEVENTH CONVENTION

The eleventh Republican National Convention assembled in St. Louis June 16, 1896, with Charles W. Fairbanks of Indiana as temporary chairman and John M. Thurston of Nebraska as permanent chairman. It was featured by the bolt of the "silverites," who, led by Senator Teller of Colorado and Senator Cannon of Utah, left the convention after their resolution—pledging the party to bi-metalism and "16 to 1"—was voted down 818 1-2 to 105 1-2.

"Sound money" and the protective tariff redemption of the country from Democratic free trade naturally dominated the resultant platform, and featured the terrific campaign which followed.

## Social Events

**Miss Getha Jones Entertains For Misses Jones and Harvey**

Miss Getha Jones entertained last evening at her home, 346 West Court street, for Miss Hazel Jones and Miss Mildred Harvey who are going to Detroit, Michigan to spend the summer.

The evening was spent in games and dancing and a general good time was enjoyed by everyone present.

The hostess served delightful refreshments during the evening.

## Students Picnic

The students of the Brown Business College gave a picnic yesterday afternoon at Nichols park. The affair was in honor of Miss Ethel Lathrop, and Mrs. C. W. Belmar, instructors, who are leaving the school in the near future.

They had a big picnic supper and then spent the remainder of the time playing games and dancing. The committee in charge of the picnic was, Miss Ida Widmeyer, Miss Mary Lyons, Miss Shirley Mudgett, Miss Louise Boston, Miss Martha Dobson, Rayman Allan, and Bryan Houston.

## ENTERTAINED FRIENDS AT CLARKSON HOME

A party was given recently by Misses Annabel Crum and Katie Vee Clarkson at the home of the latter on College avenue, in honor of Misses Clara Corrine, Ethel Lathrop and Emma Sinclair and Mrs. C. W. Belmar, all of whom will leave the city shortly. Mrs. Belmar returns to her home in Springfield, Miss Lathrop will go to Colorado, Miss Corrine leaves on a summer trip and Miss Sinclair will assume a position as teacher in Brown's Business college at Springfield.

Several hours were spent in a very pleasant way with games and music, prizes being won by Misses Lathrop and Sinclair in the guessing contest. Several musical selections by Master Norman Belmar added much to the pleasure of the evening. Delicious refreshments were served, and to each of the guests of honor was presented a small remembrance.

## Mrs. Alexander Gives Birthday Party for Daughter Friday

Mrs. E. E. Alexander entertained a company of little folks at her home, 1100 Morton avenue Friday afternoon in honor of the ninth birthday of her daughter, Lily May. The affair was a surprise party and the afternoon was pleasantly spent with games and music. At 4:30 o'clock refreshments were served. Miss Lily's present were: Nellie and Mildred Boston, Elizabeth and Russell Sargent, Lena, Clifford and Clinton Arenz, Mary, Warren and Norris Smith, Carroll and Helen Harris, Lester and Vernon Alexander, Edward Myers, Raymond Cruse, Dallas Smith, Helen Seymour, Ruby and Lena Ravilings, Frances Joy Carter, Frances Wolfe, Margaret Massey, Ifella Benson and Genevieve Spires.

Mrs. Alexander was assisted in entertaining by Mrs. Frank Arenz, Mrs. Logan Sargent, Mrs. Hazel Myers, Mrs. Harris, Mrs. Farrington and Mrs. Ward.

## ATHLETIC OFFICERS ELECTED AT I. C.

Officers of the Illinois College Athletic Association for next year were elected at the Student election Friday as follows:

President—James Barnes. Vice President—B. O. Cully. Student Members Board of Control—Henry Smith, Miss Gracia White. Faculty Member Board of Control—Professor Scott. Alumni Member Board of Control—Ralph Dunlap. Assistant managers were elected as follows: Football—William Calhoun. Track—Ed Theis. Tennis—Eldon Karr. Basket Ball—Carlisle Antrobus. Base Ball—L. P. Ferrieria.

## JOHN LANE SUFFERS SPRAINED ANKLE

John Lane, 845 West State street turned his ankle Thursday in Springfield and by the time he had arrived in Jacksonville it had swollen and become very painful. Fearing that it was broken he went to Passavant hospital early yesterday morning and had an X-ray picture taken, which revealed the fact that it was not broken but stained and in a serious condition which will lay him up for a week or two.

## A DEMENTED WANDERER.

Yesterday afternoon a man barefooted and poorly dressed, was walking the streets of South Jacksonville. Explaining the condition of his feet he said he was beating the high price of shoes. It was deemed wise to take him to the Jacksonville hospital where he said he was from Kansas. He was evidently of unbalanced mind.

# Daily Market Report

## FRIDAY DEALINGS IN STOCKS LIGHT

NEW YORK, May 28.—The approaching holiday had a perceptible effect upon the volume of business in the stock market today, dealings falling to nominal proportions. The tone was firm to strong, almost from the outset, however, especially in seasonal industrials and rails.

Shorts were disposed at times to exert fresh pressure against speculative issues, basing their tentative operations upon hopes of tighter money, but hasty covering ensued later.

Call loans once more held at 6 per cent and many large borrowings were reported, further slight relaxation of time money was observed, but this was almost wholly restricted to thirty-day maturities.

Rails were far more active than usual. Accompanying this was a steady demand for various railroad bonds at gains of 1 to 2 points.

Otherwise the movement continued to concentrate in steels, affiliated equipments, oils and motors and their subsidiaries.

With a sprinkling of shippings, sugars and food specialties, sugars were an exception, falling back toward the close on reports of a cut in the raw product. Sales amounted to 550,000 shares.

A sharp reaction in marks was the noteworthy feature of foreign exchange. Among international bankers the Japanese financial situation evoked much discussion.

Liberty Bonds and Victory Notes were irregular.

Total sales (par value) aggregated \$15,250,000.

WEAKNESS DEVELOPS

IN CORN MARKET

CHICAGO, May 28.—Acute

weakness suddenly manifested

itself in the corn market today

simultaneously with false reports

that the switchmen's strike had

been settled. Although denials

of any settlements were soon

forthcoming, prices fell 6 1/2 cents

and closed nervous, 4 1/2 cents to

5 1/2 cents net lower, with July

11 1/2 to 11 3/4, and September

11 1/2 to 11 3/4. Oats lost 1/2

cents to 3/4 cents and provisions

12 cents to 80 cents.

Even before the big collapse

of values in the corn market,

fluctuations had been unusually

wide and frequent bears had an

advantage at the opening as the

supply of railway cars west

showed an increase, and it was

said country loadings were larger

than the fact, however, that ex-

porters were bidding seven cents

a bushel higher than yesterday

for wheat led quickly to a sharp

advance in corn. Then came an

overpowering wave of selling on

the part of both longs and shorts

but with no apparent definite

basis except the strike settlement

rumors. Prospects of a decided

increase of corn receipts next

week tended to deaden rallying

power at the last.

Oats were swayed by the same

factors that governed corn. Ship-

ping call was slow.

Provisions descended with

grain, despite higher quotations

on hogs. Selling pressure was

not heavy, but investment de-

mand was lacking.

DUN'S REPORT

NEW YORK, May 28.—Dun's

tomorrow will say:

The liquidating process that

began some time ago in certain

branches of business, but which

has only lately occasioned gen-

eral comment, has continued,

and is widening in its influence.

If not yet everywhere apparent,

the movement toward readjust-

ment is plainly discernible in

various quarters, as in textiles

and hides and leather and footwear,

and is manifested both in cur-

rent price tendencies and in the

conditions affecting future op-

erations. With an unusually back-

ward season, and a congestion in

transportation that has seriously

disorganized commerce, some

shrinkage of transactions was to

be expected; but these restric-

tive elements do not fully ex-

plain the prevailing disposition

of most dealers to confine com-

mitments within the closest pos-

sible limits, and the increasing

cancellations and revisions of

orders.

Weekly bank clearings, \$7,-

70,675,241.
